STUDENT REGULATIONS & PROCEDURES

SCHOOL DAY AND HOURS

Students enter the building by 7:25 AM. and are dismissed daily at **2:45 PM.** Students are only allowed on the premises or in the building before 7:00 AM or after 2:45 PM if under the direct supervision of a staff member. **Students arriving between 7-7:25 AM must report to the Auditoria and either wait for the teacher to pick them up or remain in the Auditoria until the 7:25 AM bell. The morning tardy bell is 7:35 AM.**

The designated point for student pick-up and drop-off is at door one, the Main Entrance between the cones. Students are to be picked up no earlier than 2:45 PM and no later than 3:00 PM unless specific arrangements have been made.

SUMMARY OF ATTENDANCE INFORMATION

- 1. A Parent must call the school attendance line at 594-4126 by 9:00AM each day the student is absent or if the student will be arriving to school late. There is a 24-hour voice mailbox available at this number.**
2. A maximum of eight (8) absences per semester and a maximum of sixteen (16) absences per year will be excused. Further absences will be unexcused unless verified by a doctor's note.
3. A student must be present a minimum of 3 full class periods in order to be credited for a half day of attendance. A half day of attendance is required for participation, or attendance at, extracurricular activities.

ATTENDANCE & ABSENCE

A parent call to the school is required for each student absence. Parents must call the school by 9:00 a.m. at **594-4126** (there is a 24-hour voice mailbox available at this number) each day the student is absent or arrives late to school. Should a parent neglect to call the day of absence, a note or call from the parent must be registered the first day following the absence. If no phone is available in the home, a letter from the parent stating the lack of a home phone may be filed with the school principal. After such a letter has been filed, approved absences will be excused if the returning student furnishes the principal with a note from the parent explaining the nature of the absence before the beginning of the first period the day following the absences.

TARDY TO SCHOOL

Tardiness is disruptive to the educational process and is considered to be a serious matter. Whenever a student arrives at school after the 7:35 AM bell has rung, he/she should report directly to the front office. Students are to sign in on the late arrival form located in the main office. A student who arrives to school late four (4) or more times will receive disciplinary consequences. Some examples of unexcused tardiness include: car trouble, missing the bus, personal illness, cramps, headaches, not feeling well, oversleeping, school closing assumptions, personal business, power outage and transportation related issues, etc. Medical issues that result in a child being habitually tardy for school would require medical documentation from the attending physician to be marked as excused

LATE TO CLASS

Each teacher is required to keep a record of tardiness to class. When a student is late to class, he/she should report to the teacher. Each teacher's classroom management plan will address consequences for students that are late for class.

Excused Absences

Absences will be excused, but counted against absence numbers, for the following reasons:

- School-sponsored trips
- Court appearance
- Service as a legislative page
- Religious instruction
- Others excused by the principal/designee

A student may be excused if the student or member of the student's household participates or exhibits in the Indiana State fair for educational purposes. The student's parent must provide a written note indicating the educational purpose and the school principal must approve the absence. A student may not miss more than (5) days in a school year due to attending the State Fair. The student must be in good academic standing with the school as determined by HSE.

Absences will be excused and counted against absence numbers for the following reasons:

- The student's illness or injury (documented)
- Medical appointments
- Verified accident involving the student's transportation
- Death or serious illness in the student's immediate family
- Religious observations
- College/High School visits
- Others excused by the principal/designee

A maximum of eight (8) absences per semester and a maximum of sixteen (16) absences per year will be excused. Further absences will be unexcused unless verified by a doctor's note.

Students of parents serving in active duty of the military shall have additional excused absences at the discretion of the school principal or designee for visitations relative to leave or deployment.

Unexcused Absences

Any absence from school for any reason not included as an excused absence is an unexcused absence. Examples would include: car trouble, oversleeping, missing the bus, school closing assumptions, personal business, transportation problems before/after a vacation, truancy, working, administratively determined unexcused absences.

Students may make up missed work. Make-up work will be graded in accordance with the classroom teacher's rules concerning late work. Those rules may not treat work made up due to an unexcused absence differently than work turned in late by a student who was not absent. No student's grade for any grading period may be adversely affected solely because of unexcused absences. Repeated unexcused absences, may, however, warrant appropriate disciplinary action, including action under Indiana's compulsory school attendance laws.

HAMILTON COUNTY SCHOOLS ATTENDANCE PROGRAM

Attending Class Equals Success (ACES) Program

ACES is a proactive program sponsored by the Hamilton County Prosecutor's Office. Its purpose is to promote good school attendance by enforcing the legal obligations of compulsory school attendance noted in Indiana Law. Students may be referred by HSE Schools to the *Hamilton County Deputy Prosecutor for the Town of Fishers* for participation in the program for being truant from school or having unexcused absences. **Students with absences without a doctor's note that exceed 8 days per semester or 16 days per school year are considered unexcused and may also result in a referral to the ACES program.**

MAKE-UP WORK

Check CANVAS for assignments when absent. On a student's second consecutive day of absence, parents may call the school and request that make-up work be collected for pick-up by the parent.

MEDICAL / DENTAL APPOINTMENTS

All absences for medical and dental appointments require written verification from the doctor or dentist for the absence to be medically excused. **The written verification is to be turned in to the main office when the student returns to school.**

TRUANCY

Students who miss school under the following circumstances will be considered truant:

1. Leaving school premises during the school day without parental knowledge or notification of school authorities.
2. Defying parental authority in the failure to attend school, or being absent from school without parental knowledge or approval.
3. Repeated unexcused absenteeism after acquisition of the 16th absence during the course of a year.

All days of truancy are considered unexcused. Truant students will receive disciplinary consequences.

HABITUAL TRUANCY

Repeated instances of truancy during the course of a semester will result in the student being identified as a "habitual truant."

A Juvenile Truancy Report will be filed with the Hamilton County Prosecutor's Office or through the ACES Program, and an Invalidation Form will be filed with the Bureau of Motor Vehicles.

EARLY DISMISSAL

Parents of students should call the attendance line 317-594-4126 by 9:00 AM the morning of dismissal or bring a note from a parent or guardian explaining the reason for the early dismissal and the exact time the student will need to leave school. The note is to be turned in to main office personnel prior to period one. The student will be issued an early dismissal pass, which will allow the student to leave class at the assigned time to wait at the office to leave school. All students leaving school prior to regular dismissal are to sign out on the approved early dismissal form located at the school office. **PHOTO IDENTIFICATION IS REQUIRED TO SIGN STUDENTS OUT FROM SCHOOL.**

EXTRACURRICULAR PARTICIPATION

In order to participate in extra-curricular activities, a student must be in attendance at school a minimum of one half-day on the day of the event (at least 3 full class periods).

TEXTS AND PHONE CALLS

Students may only use phones during the school day with permission from teachers or office secretaries. **Cell phone calls and or texts to or from parents/guardians during the school day violate cell phone usage rules.** Students may use phones in the office

to contact parents or guardians. School phones are also available for students attending after school activities free of charge.

STUDENT MESSAGES/DELIVERIES

Parents should refrain from calling in or sending messages to their students during the school day. In order to reduce disruptions, messages will be delivered only in cases of emergency. Flowers, balloons or gift deliveries of any kind are not to be sent to students during the school day. Deliveries will not be accepted.

VISITORS

All Visitors Must First Register in the Main Office!

Students are not to bring visitors to school. Student visitors are a hardship to both teachers and pupils. Some events are open to the public, such as athletic events. Other events, such as dances and parties, are not open to the public. Parents are always welcome, but are need to make an appointment to see a teacher or the principal and have an approved background.

Having Lunch with your Student: ANYONE who wants to have lunch with a student must have an approved background check, has watched the Anti-Bullying video and is listed on that child's family/emergency contact information in Skyward. Due to limited seats parents may not eat in the café but in a conference room if available. Please contact the office 24 hours prior to you visit.

ENROLLMENT

Students' Legal Settlement:

A student may be expelled from school if the student's legal settlement is not in the attendance area of the school corporation where the student is enrolled. (I.C. 20-33-8-17)

STUDENT CONDUCT

This student code of conduct has been established in accordance with Indiana State Law (I.C.20-33-8-12(a)). The procedures for administering student discipline and due process are provided by Indiana law. The Hamilton Southeastern School Board adopts the Indiana Statutes as the official policy and administrative procedure of Hamilton Southeastern Schools unless applicable federal law requires otherwise (I.C.20-33-8). All students are expected to obey all school and classroom procedures. Failure to obey procedures will lead to disciplinary action. That action could ultimately result in the student being suspended, expelled, or excluded from the regular school. Indiana law defines grounds for suspension or expulsion as "student misconduct or substantial disobedience" (I.C.20-33-8-14(a)).

The Indiana Education Code states the school's discipline rules apply when a student is on school grounds before, during, and after school hours, off school grounds at a school activity or function, or traveling to or from school or a school activity or function. It also states that discipline rules are effective during summer school (I.C.20-33-8-14(b)).

Another Indiana Education Code authorizes the school board to prohibit unlawful activity by a student on or off school grounds when the activity interferes with school purposes (I.C.20-33-8-15). The Indiana statute PL224-1987 requires school authorities to inform law enforcement agencies, in writing, when violations involving controlled substances (e.g. drugs) occur within the school environment.

Hamilton Southeastern Schools has adopted a plan for the restraint and seclusion of students. The plan is available via the HSE web-site under Board Docs policy J10.00.

<http://www.boarddocs.com/in/hses/Board.nsf/goto?open&id=8CYJMS4DE57B>

- Please be aware that pursuant to Indiana law, Hamilton Southeastern Schools is notified by local law enforcement agencies when a student enrolled at Hamilton Southeastern Schools is arrested or detained for allegations of delinquency which would be a crime if committed by an adult.
- Please be aware that if a student is suspended and/or expelled for activity which would be a crime if committed by an adult, Hamilton Southeastern Schools may advise the appropriate law enforcement agencies regarding the suspension and/or expulsion within forty-eight (48) hours. The following information, when applicable, will be given in writing to a designated juvenile officer within the appropriate law enforcement agency:
 - a. Name, age, address, and gender of the student;
 - b. The nature of the offense, or activity allegedly committed and the circumstances immediately surrounding it, including the time, location and property involved;
 - c. A description of the method of apprehension; and
 - d. Any instruments of physical force used

However, notwithstanding the above, the results of random drug tests administered by Hamilton Southeastern Schools will be held in the very strictest confidence and will not be shared with law enforcement agencies.

Warning! Students who engage in fighting or any other illegal activity may be arrested.

1. Students are to comply with the directives of teachers or other school personnel during any period of time when the student is properly under their supervision. Failure to do so constitutes insubordination.
2. Students are to refrain from violating any rules or expectations that are reasonably necessary in carrying out school purposes or an educational function.
3. Students are to engage in no activity that is disruptive to classroom instruction, the educational environment, or the order and purpose of hallways.

4. Students are to refrain from engaging in any conduct or activity forbidden by the laws of Indiana that constitutes an interference with school purposes or an educational function. Urging other students to engage in such conduct is also prohibited.
5. Students are expected to show respect to all school personnel and fellow students and are to refrain from fighting or other aggressive or violent acts including the use of obscene language/gestures.
6. Anti-Bullying:
 - a) Bullying is prohibited by HSE Schools. Students who commit any acts of bullying are subject to discipline including but not limited to suspension, expulsion, arrest, and/or prosecution.
 - (b) Definition: "Bullying" is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically); physical acts committed; aggression; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student, creating for the targeted student an objectively hostile school environment that:
 - (1) places the targeted student in reasonable fear of harm to his or her person or property;
 - (2) has a substantially detrimental effect on the targeted student's physical or mental health;
 - (3) has the effect of substantially interfering with the targeted student's academic performance; or
 - (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, or privileges provided by the school.

Bullying does not include, and should not be interpreted to impose any burden or sanction on, the following:

 - participating in a religious event;
 - acting in an emergency involving the protection of a person or property from an imminent threat of serious bodily injury or substantial danger;
 - participating in an activity consisting of the exercise of a student's freedom of speech rights;
 - participating in an activity conducted by a nonprofit or governmental entity that provides recreation, education, training, or other care under the supervision of one (1) or more adults;
 - participating in an activity undertaken at the prior written direction of the student's parent; or
 - engaging in interstate or international travel from a location outside Indiana to another location outside Indiana.
 - (c) Applicability: The HSE Schools prohibits bullying in all forms. This policy may be applied regardless of the physical location in which the bullying behavior occurred, whenever the individual committing the bullying behavior and any of the intended targets of the bullying behavior are students attending a school within the school district and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment. HSE Schools prohibits bullying through the use of data or computer software that is accessed through any computer, computer system, or computer network.
 - (d) Education: HSE Schools will provide training and/or instruction on anti-bullying prevention and policy to all students in grades 1 through 12, as well as staff, in accordance with Indiana law.
 - (e) Reporting: Anyone who believes that a student has possibly been or is the victim of bullying is encouraged to immediately report the situation to an appropriate staff member such as a teacher, school counselor, or administrator (including the school district lead administrator). All staff, volunteers, and contracted service providers who observe or receive a report of suspected bullying shall notify a designated school administrator in charge of receiving reports of suspected bullying within the same day. If a staff member does not know who to make a report to, he or she should report directly to the building principal or school district lead administrator. Bullying reports to the Department of Child Services and/or law enforcement must be made as required by law, such as when a staff member believes that a student is the victim of abuse or neglect. Any person who makes a report of bullying and requests to remain anonymous will not be personally identified as the reporter or complainant to extent permitted by law. HSE Schools will act appropriately to discipline staff members, volunteers, or contracted service providers who receive a report of bullying and fail to initiate or conduct an investigation of a bullying incident and for persons who falsely report an incident of bullying. The school district will act appropriately to discipline students, staff members, visitors, or volunteers who make false reports of bullying.
 - (f) Investigation: Once a report of suspected bullying is received by the designated school administrator, an expedited investigation shall follow. The investigation should be facilitated by the designated school administrator or other appropriate school staff. Information relating to the investigation will be gathered using means including, but not limited to: witness interviews, request for written witness statements, record identification and review, and an assessment of whether bullying occurred. The investigation will be initiated within one (1) school day of the report to the designated school administrator and will ordinarily be completed within ten (10) school days.
 - (g) Intervention/Responses: If a report of suspected bullying is substantiated through an investigation, then the school district shall take appropriate intervention and responses as consistent with policy and procedure. HSE Schools will take prompt and effective steps reasonably calculated to stop the bullying, remedy the bullying, and prevent the bullying from recurring. Interventions and responses include, but are not limited to: separating the bully and the target; follow-up school counseling for the target; bullying education for the bully; and prompt disciplinary action against the bully. These steps should not penalize the target of the bullying. Disciplinary actions against the bully may include, but are not limited to suspension and expulsion. Also, if the acts of bullying rise to the level of serious criminal offense the matter may be referred to law enforcement. HSE Schools shall inform the parents of all

students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

- (h) **Parental Involvement:** Parents are encouraged to be involved in the process of minimizing bullying. Parents should report suspected acts of bullying to an appropriate school official. In addition, parents of students suspected of bullying will be notified with a phone call or through other appropriate means of communication. Conversely, parents of students suspected of being the target of acts of bullying will also be notified with a phone call or through other means of appropriate communication. Parent notifications will occur in an expedited manner within two (2) school days after the designated school administrator receives the report of suspected bullying. Parents of students who are disciplined for acts of bullying will be involved in the disciplinary process consistent with the law and school district policy.
- (i) **Reporting to IDOE:** Each school within the school district will record and report to the district lead administrator or his or her designee the frequency of bullying incidents in the following categories: verbal bullying, physical bullying, social/relational bullying, and electronic/written communication bullying (or a combination of two or more of the above categories). The corporation lead administrator or his or her designee shall report the number of bullying incidents by category for each school and the entire corporation for each school term to the Indiana Department of Education by July 1.

Students who have knowledge of these items on school grounds are to report the incident to school personnel. Board policy states that firearms or destructive devices are prohibited on school property. This does not apply to law enforcement officers performing their official duties. Under Indiana law, a student bringing a firearm or destructive device to school or on school property or in possession of a firearm or destructive device on school property must be expelled from school for a period of at least one calendar year (I.C. 20-33-8-16(d)). This is contrary to the school environment and educational objectives and creates an atmosphere where unlawful acts or violations of school regulations may occur. Incidents involving initiations, hazing, intimidation, and/or related activities of such groups which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited. The Superintendent will establish procedures and regulations to ensure that any student wearing, carrying, or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize gang membership or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to disciplinary action.

Any bag used to transport materials to school must be labeled with the student's name (i.e.-book bags, gym/athletic bags, lunch boxes, and duffle bags).
28. In addition to numbers 1 through 27, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on school property. This includes any unlawful activity meeting the above criteria which takes place during weekends, holidays, other school breaks, and the summer period when a student may be attending classes or other school functions.

TRANSPORTATION

The mission of the Hamilton Southeastern Schools Transportation Department is to transport students in a safe and orderly fashion to and from school and to all extra-curricular activities. To help meet that safety requirement, the following bus rules and bus discipline procedures are in effect for all students:

Basic Rules of Conduct:

1. Riding the school bus is a privilege and is a part of the school day. Accordingly, students should adhere to all rules and procedures outlined in the student handbook while being transported to and from school. Classroom conduct is expected.
2. The driver is in charge at all times while on the bus. All driver directives should be followed promptly.
3. Be at your bus stop five minutes prior to the scheduled pickup time.
4. Go to your assigned seat quickly. Stay seated at all times until it is your time to get off the bus, and the bus has come to a complete stop. Seated means facing forward with feet on the floor. Students will be completely out of the aisle if two or less students are in the seat.
5. Keep arms, legs, and objects to yourself and inside the bus.
6. Talk quietly with no inappropriate language or gestures. Quietly means at a level where the driver cannot clearly hear the conver-

sation and the students you are trying to talk to are no more than two seats away.

7. Students are not to bring toys, electronic games, collectible cards, laser pointers, balloons, or other distracting items to school or onto the bus.
8. Students are to refrain from possession of forbidden items while on the bus, such as weapons, tobacco, drugs, alcohol, aerosols, sprays, pumps, perfume, combustibles or other contraband.
9. Food, gum, suckers, lozenges and drinks are to be kept in the student's backpack while on the bus unless permission is granted from the Director of Transportation
- 10. Students at HIJH will not be allowed to have bus notes.**
11. Bus windows will not be lowered more than half way
12. Once a student has boarded their bus at the school, they will not be allowed to exit the bus without authorization from school personnel.
13. The use of any type of camera is prohibited on the bus. This includes regular routes and extracurricular trips. Any camera device used on the bus will be confiscated and disciplinary consequences will be administered.
14. The use of electronic devices, to include but not limited to, iPods, iPads, Media Devices, and Electronic Books, are allowed on the bus, but HSE is not responsible for loss, damage or theft of any of these devices. These items must be turned off and secured before entering the school building. Electronic devices are not to be shared with other students while on the bus, but may be used by individual students. Students may not access or activate a Wi-Fi hotspot while on the bus. For the safety of all students, electronic devices are not to be used when entering or exiting the buses. When exiting the bus, ear buds must be removed until well clear of the bus. For those students crossing in front of the bus, ear buds must be removed until reaching the far side of the street. If students are violating these rules, the driver has the right to restrict the usage of any electronic device on the bus.
15. Skateboards and rollerblades are not permitted on school busses or any other school property.
16. Musical instruments must be kept in the seat with the student. They must fit under the seat, held on the student's lap, or be held between the student's legs. This will ensure the instrument is secure.
17. Golf clubs, oversized equipment and large musical instruments are not to be transported on regular route buses because they cannot be properly secured
18. No items will be stored in the back window.

Consequences for Violations of School Bus Basic Rules of Conduct

Students are expected to behave appropriately while traveling to or from school or a school activity. The bus driver, Transportation Directors and/or school administrators can use any form of reasonable discipline. In general, HSE Transportation Department will utilize progressive discipline. The unique circumstances of each individual's case will be considered before a decision regarding appropriate consequences is made. Every disciplinary consequence will **involve a personal contact to the parent or guardian from the student's bus driver.**

The nature of the student behavior will determine the consequence for the infraction. Possible consequences include but are not limited to the following:

- Parent Conference
- Verbal Warning
- Written Warning
- Suspension
- Removal from the bus for the remainder of the school year.

Note:

Any student suspended for the remainder of the school year will be placed on probation at the beginning of the following year. Violations while on probation may result in a bus suspension for the remainder of that year.

Assigned Seats

All drivers are encouraged to assign seats to students and require any or all of the students to abide by the seat assignment. Failure to sit in an assigned seat is to be considered an infraction of the rules and that student will proceed through the bus violation process.

WALKING TO/FROM SCHOOL

Southeastern does NOT recommend that students walk to and/or from school. Students who walk to and/or from school must have a permission note from a parent/guardian on file with the assistant principal. Students are not permitted to ride bicycles, scooters, skateboards, rollerblades, etc. to school. These items are not to be on school grounds at any time.

LIMOUSINE SERVICE

Students are not permitted to arrive or depart school grounds utilizing any limousine service.

APPEARANCE

In order to maintain a safe and orderly environment conducive to learning and free from needless distraction, it is important that students dress appropriately to, during, and from school. Student clothing and appearance should not draw undue attention from other students or the faculty or disrupt normal routine. School personnel will determine what is considered inappropriate or disruptive to the educational process. The school, through the principal or his designee, reserves the right to make the final judgment as to the appropriateness of the apparel. Whenever a school official considers a student's appearance to be inappropriate, immodest, or distracting, a conference will be held and the student will be asked to make the necessary accommodations. Students who violate the appearance code will face disciplinary action. Students that are unable to acquire school appropriate clothing may spend the remainder of the school day in the In-school Reassignment Room. If there is doubt about the appropriateness of a garment, it should not be worn.

The following are examples of clothing or items that are inappropriate for the school environment:

- Appropriate footwear is to be worn at all times. Shoes with rollers or wheels are not permitted on school property.
- No tank-tops, spaghetti straps, or strapless tops. Any see-through clothing revealing undergarments are not allowed. See through shirts, sweaters, or other garments must have an appropriate top under them (i.e. -no tanks-tops, spaghetti straps, or strapless tops). No off-shoulder tops. Shoulders must be covered between the neck and shoulder by at least 3 inches of fabric. Sleeveless tops should fit tight around the under arm.
- Clothing revealing bare midriff apparel is not to be worn. Shirts and tops must have no bare skin being exposed during normal school activities such as sitting, walking, raising one's hand/arm, etc.
- All tops must cover the chest area.
- All clothing which is considered to be inappropriately revealing is strictly prohibited.
- Shorts, skirts and dresses, including the peak of a slit on a slit skirt are expected to be of an appropriate length. A good guide to use is the length of the fingers as the arm hangs down at the side; often referred to as the "finger-tip" rule.
- Holes, tears, or rips in pants or shorts will also be held to the "finger-tip" rule standard. A hole or tear that has been patched is no longer revealing, and therefore is acceptable to wear.
- "Saggin" pants or shorts and oversized pants and pant legs that extend over the heel of the shoes will not be permitted.
- Attire or jewelry that advertises, promotes, or glorifies the use of alcohol, tobacco, or illegal substances or any other images or messages are not appropriate for school.
- Facial painting, spray painted hair, drastic hair dyes or drastic hair designs that would draw undue attention should not be worn during the school day.
- Eyewear, including special contacts, which draw undue attention to oneself should not be worn to school.
- Attire typically worn at the beach or lounging at home (pajamas and house slippers) are not appropriate for school.
- Hats, hoods, sweatbands, bandanas, and/or any non-approved head coverings are not to be worn during the school day.
- Sexual innuendo, profanity, or satanic reference printed on clothing, depicted in jewelry, or make-up is considered inappropriate.
- Any apparel reflecting gang affiliation is strictly forbidden.
- Chains, dog collars, metal studded or spiked jewelry, safety pins, or any item that might cause a concern for student safety are not to be worn.
- Apparel which degrades, discriminates, and/or disrespects any individual or group is prohibited.
- Outerwear including coats, hats, gloves, sunglasses, jackets and blankets will be placed in lockers upon arrival and are not to be worn during the school day.

CONSEQUENCES

IN-SCHOOL REASSIGNMENT

In-school reassignment (ISR) is a method of school discipline where the student is placed in the ISR room instead of attending regular classes. Classroom assignments will be provided to the student to complete for full credit. Students placed in ISR remain in that atmosphere from one (1) class period, up to five (5) full days, and are under the direct supervision of an adult aide. If the student becomes uncooperative or fails to follow the rules established for the ISR classroom, suspension out of school will substitute for in-school reassignment. Students in ISR will have a school prepared sack lunch provided to them and will not be eligible to leave the ISR for a regular hot lunch. **Students are not allowed to attend or participate in any after school activities on the days they are assigned to ISR.**

SOCIAL PROBATION

Any student who has been involved in an infraction of school rules, or has been found to be in academic non-compliance, may be placed on Social Probation by the principal, or his designee, in addition to, or in lieu of, other disciplinary action. Social Probation will be for a definite time period during which critical examination and evaluation of the student's progress should take place.

During the probation period, the student may be denied the privilege of participating in or attendance at all extracurricular activities (including field trips). If the student is further involved in an infraction of school rules during the probationary period, he/she will be subject to whatever disciplinary action is set forth in the probationary agreement. The parent/guardian will be notified that the student is being placed on Social Probation, including the length of the period, the terms of the probation, and the possible consequences of suspension/ expulsion if the student is found in further violation of school rules during probation (I.C. 20-33-8-27).

SUSPENSION

Suspension is assigned in response to serious rule infractions, refusal to comply with a lesser disciplinary penalty, or chronic misbehavior. During a suspension, the student is in the care of parents and should not be present on school grounds. **The only exception**

is a pre-arranged authorization by the building principal or his/her designee with the understanding that the parent must escort the student while on school grounds. Upon returning to school students are expected to turn in all work missed during days of suspension. Suspension may be imposed for up to 10 days.

ALTERNATIVE TO SUSPENSION

Students suspended from school may be required to report to the Hamilton County Circuit Court at 8:00 A.M. on the initial day of suspension, and from there be assigned to complete school work at the Hamilton County Juvenile Service Center during each day of suspension. Students will not be allowed to return to school until the assigned days of suspension have been served.

EXPULSION

Expulsion is the denial of school attendance to a student for a period in excess of ten (10) days. Students are normally expelled for one (1) or two (2) semesters. Expulsion is recommended for offenses of a serious nature, or for the persistent violation of school rules. Should a student reach this point, the principal or assistant principal will recommend expulsion of the student to the Superintendent of Schools. All suspensions and expulsions are conducted under due process of law.

ALTERNATIVE TO EXPULSION

Students who have been expelled from school for the possession, use, or transmission to another person, of a controlled substance, alcoholic beverage, or intoxicant of any kind may have their expulsion reviewed and rescinded if the concerned student requests readmission following rehabilitation in an appropriate professional rehabilitation program. The student must also provide certification that he/she is free from drug and alcohol related problems at the present time, and present a genuine desire to return to school and to conform and achieve in the school environment.

LEARNER'S PERMIT & DRIVER'S LICENSE DENIAL

Any student identified as a habitual truant who is suspended for a second time during a school year (including alternative to suspension); who withdraws from school for a reason other than financial hardship; or who is expelled from school will face the following consequences with the Bureau of Motor Vehicles.

- a. Any student identified as a habitual truant (beginning at age 13) will be denied a learner's permit or driver's license until the age of 18. The Principal, Asst. Principal, and guidance counselor will conduct an annual review of the student's attendance record in order to determine whether attendance has improved to the degree that the student may become eligible to be issued a permit or license.
- b. Any student withdrawing from school (quitting) for a reason other than financial hardship will be denied a driver's license or learner's permit until age 18. The issue of financial hardship will be determined at an exit interview.
- c. Any student suspended from school for a second time during the school year (including alternative to suspension) will be denied a permit or license for 120 days, or have the same revoked for 120 days.
- d. Any student expelled from school will be denied a permit or license (or have the same revoked) for 120 days or until the end of the semester during which they return to school, whichever is longer.

POSSESSION OF FIREARMS

Possession, use, handling, or transmission of any firearm on school property immediately before, during and immediately after school hours and at any other time when the school is being used by a school group; off school grounds at a school activity, function or event; or traveling to or from a school activity, function or event will result in a one (1) year expulsion from school. A firearm is considered any weapon which will or is designed to or may readily be converted to expel a projectile by action of an explosive. The prosecutor's office will be informed of any violation of this nature.

MANDATORY DRUG TESTING

Administrators have the authority to require a student to submit to a chemical test of the student's breath or urine if the Administration has reasonable suspicion to believe the student, while at school, attending or traveling to and from a school activity, is using or under the influence of alcohol, marijuana, or a controlled substance. Failure to produce a test sample after a reasonable period of time, or the student's willful refusal to submit to the chemical test, or a positive test result will allow the Administration to proceed with appropriate disciplinary action.

TOBACCO FREE SCHOOLS

The Board of School Trustees declares all school buildings and grounds, including athletic facilities to be smoke-free environments. Staff, students and members of the public are expected to observe this restriction at all times. Notices will be posted indicating that Hamilton Southeastern Schools buildings and grounds are smoke-free.

STUDENT SEARCHES

The principal or another member of the administrative staff may search the person of a student during a school activity if reasonable grounds for the search exist.

VIDEO SURVEILLANCE

The Board of School trustees authorizes the use of video cameras on corporation property to assist in protecting the health, welfare, and safety of all staff, students, and visitors and to safeguard corporation facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent or his/her designee.

Recorded information from these camera ("security videos") showing identifiable students will be treated as an "educational record" and will not be produced outside the corporation except pursuant to a subpoena, court order, or release in accordance with the Family Educational Rights and Privacy Act (FERPA", 20 United States Code 1233 (g), 34 CFR Part 99.)

For the purpose of this policy restrooms and locker rooms shall be considered a “private area” of the facility and shall not be equipped with video security equipment. The term “non-private area” shall therefore mean any area on school corporation property not meeting the definition of a “private area”.

All speech and conduct in the non-private areas of the school corporation facility is subject to being observed, recorded, preserved, and examined by means of security video equipment. No person will have legitimate expectation of privacy with respect to his or her conduct or speech in the non-private area of a school corporation property.

By this policy, the Board does not mandate or warrant that every non-private location in every school corporation facility will be equipped with security video equipment, nor that the security video equipment will record specific conduct or expression.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT

STUDENT SERVICES

GUIDANCE SERVICES

Guidance services are planned to help each student obtain the most out of the school program. All students are encouraged to come to the guidance office and talk with a counselor regarding any concerns they might have. Often a counselor helps students with educational program planning, study habits, personal and home concerns, health problems, social questions, career plans and decision making.

Students should feel free to discuss their interests, plans and difficulties with a counselor. At times during the year, some students are asked to become members of small groups that meet on a regularly scheduled basis with a counselor. Individual and group concerns, as well as the development of values are stressed at these meetings. Students are also asked to attend individual sessions whenever a counselor can be of assistance.

In addition to student counseling services, other guidance department activities include parent-teacher conferences, scheduling, and standardized testing. Weekly progress checks are available for parents and students as a means of monitoring grades. Students wishing to access this tool should have their parents call their guidance counselor.

TUTORING

A list of private, outside tutors can be found on the school website.

The purpose of the library is to provide a variety of materials and services to assist staff and students in the teaching-learning process.

An orientation program acquaints all new students with the library. Students wishing to check out or return books during passing period may do so without a pass. The student who enters during instructional time should have a signed hall pass. All students will sign in as they enter the library.

Students are responsible for the books they check out. An over due fine is charged for books that are returned late. **If a book is damaged or lost, the student must pay for repair, or the current replacement cost of the book.** If the book is out of print, then the cost of a book covering the same materials will be charged.

Use of the Library is a privilege. It is a materials center for research and reference work, to satisfy reading interests beyond textbooks, and for serious browsing. STUDENT COMPUTING RESOURCES AND INTERNET ACCESS CONSENT

Hamilton Southeastern Schools desires to fairly and consistently address the issues that arise with student technology usage. While it is recognized that students have freedom of expression, it is not absolute. In the interest of preserving school order and safety, the HSE School Board has established a policy (I05.03) and guidelines (I05.3.1) for technology usage. The goal of these guidelines is to inform students, parents, and educators how the Board of School Trustees and the school corporation will define student conduct with respect to the use of technology that could result in denial, suspension or expulsion. Indiana State statute, Indiana Criminal Code, and U.S. Supreme Court decisions are used in establishing these guidelines.

Computing resources and Internet access is provided to facilitate communications in support of research and education both curricular and extracurricular. To maintain eligibility to this access, students and parents must be in support of, and consistent with, the educational objectives and policies established by Hamilton Southeastern Schools.

The use of any technology resources in Hamilton Southeastern Schools is a privilege, not a right, and it is subject to regulation and monitoring. Violation of any school rules and corporation policy may result in denial and disciplinary actions. Students and parents will be informed about disciplinary action to be taken in cases of misuse and/or abuse of technology.

Situations which will be considered in determining if an individual has violated the technology usage policy are as follows:

A student shall not create or otherwise access technology content that:

- Violates any school rule, including any student discipline rule and any school policy;
- Causes or is likely to cause a substantial and material disruption to the school;
- Is a "true threat";
- Is considered as lewd, vulgar, indecent or plainly offensive;
- Generates a legitimate educational concern; or
- Is considered an unlawful activity.

Details and definition to the above situations are found in HSE Technology Usage Policy I05.03 and Guidelines I5.3.1.

Students should not have any expectation of privacy with respect to files stored on school-based computing equipment. Hamilton Southeastern Schools reserves the right to monitor Internet access or other network or computer-related activities, engage in routine computer maintenance and housekeeping, carry out internal investigations, prepare responses to request for public records, or disclose messages, data, or files to law enforcement or other legal authorities.

The Corporation recognizes the need to educate students regarding appropriate behavior on social networking and internet application including cyber bullying awareness and response.

Hamilton Southeastern Schools makes no warranties of any kind, neither expressed nor implied, for the computing resources and Internet access it provides. Hamilton Southeastern Schools will not be responsible for any damages students suffer, including, but not limited to, loss or corruption of data resulting from delays or interruptions in Internet or computing services. Hamilton Southeastern Schools will not be responsible for the accuracy, nature, or quality of information stored on portable media, hard drives, file servers, or other computing resources; nor for the accuracy, nature, or quality of information gathered through corporation-provided computing resources and Internet access.

Hamilton Southeastern Schools will not be responsible for personal property used to access corporation computers or networks or for corporation provided computing resources and Internet access. Hamilton Southeastern Schools will not be responsible for unauthorized financial obligations resulting from corporation-provided access to computing resources and the Internet.

Students utilizing corporation-provided computing resources and Internet access are responsible for good online behavior similar to the good behavior expected in a classroom or other area of school. Students' use of corporation or personal technology including computing resources, internet access, and communication devices is subject to the conditions as found in Guidelines I05.3.1 and student handbooks. Inappropriate use of such technology may result in disciplinary action.

Families should be aware that some material accessible via the Internet may contain items that are tasteless, illegal, defamatory, inaccurate, or potentially offensive to some people. In addition, it is possible to purchase goods and services via the Internet, which could result in unwanted financial obligations for which a student's parent or guardian would be liable.

While Hamilton Southeastern Schools' intent is to make Internet access available in order to further educational goals and objectives, students may find ways to access other materials as well. Any Hamilton Southeastern Schools device used by students will have an Internet filtering process in place when accessing the Internet through HSE school corporation network. Nevertheless, the HSE School Board recognizes that no current technology will prevent all abuses or improper use.

Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media, computing, and information sources. There is a fine balance between encouraging autonomous learning and maintaining adequate supervision. Hamilton Southeastern makes the corporation's complete Technology Usage Policy I05.03 and Guidelines I05.3.1 available online on the HSE's website (www.hse.k12.in.us) for review by all parents, guardians, and other members of the community. Parents and guardians also are provided the option of requesting alternative activities not requiring computing resources and/or Internet use for their minor children.

Use of personal computing devices

Hamilton Southeastern Schools (HSE) permits student to bring personal laptops or other computing devices to school for academic purposes.

- HSE accepts no responsibility or financial liability for personal laptops or other computing devices that are brought to school by students.
- Laptops or other devices that are lost, stolen, or damaged are the responsibility of the student and his/her parents/guardians, regardless of how the loss, theft, or damage occurs.
- Students are advised to take steps to guard against damage, loss, or theft.

- HSE's technology department will not provide technical support for any personal laptop or other computing device.

Please refer to Board HSE Procedure: I05.3.1 Technology Usage Guidelines URL: <http://www.boarddocs.com/in/hses/Board.nsf/goto?open&id=86X5PF6D71E7>

Access Restriction: Access to and use of student Office 365 account is considered a privilege accorded at the discretion of Hamilton Southeastern Schools. The district maintains the right to immediately withdraw the access and use of the account when there is reason to believe that violations of law or school board policies have occurred. In such cases, the alleged violation will be referred to the principal for further investigation and application of necessary consequences.

Security: Hamilton Southeastern Schools cannot and does not guarantee the security of electronic files located on any of its technology or on Microsoft systems. Although a powerful content filter is in place, the school board cannot assure that users will not be exposed to non-educational material. We encourage parents and students to review Office 365's privacy policy.

If a parent wishes for their child(ren) to not have access to Mail (email), please contact the Director of Educational Technologies (jharrison@hse.k12.in.us) in writing within 14 days of the start of the school year or enrolling your child. However, these students will still retain access to the other features within their Office 365 account.

CLINIC SERVICES

After any illness, your child must be symptom free for 24 hours before they can return to school. Symptom free would include fever, vomiting and diarrhea. Children with a temperature over 100° are to be excluded from school for 24 hours.

A health clinic facility is available for limited use for awaiting transportation home for students who become ill or injured. Parents should make every effort to see that their child is picked up promptly when called. Students should know the family physician, hospital preference, and how to reach a parent in the event of illness or accident.

Clinic facilities are provided for ill or injured students. Clinic facilities and the service of the clinic staff are not to be abused. If a student visits the clinic too frequently, the parent will be notified.

Students who are sick and wish to contact parents to come get them are to use the phone in the clinic. **Using a cell phone to contact parents violates cell phone usage policies.**

To report to the clinic, a student must obtain a hall pass from his/her current teacher.

Hamilton Southeastern School Corporation prefers that all long-term prescriptions and controlled substance medications be brought to school by the parent/guardian. If that is impossible, the nurse needs to be notified by phone that medication is being sent with a student. The student is to bring the medication to the nurse's office upon arrival. All medication is to be sent in its original container and must be kept in the clinic, and administered under the supervision of the school nurse. Students are not to self-administer medication, except as allowed by law. All medications should be sent in a sealed envelope. The sealed envelope needs to contain the following information:

- **Student's name**
- **Pill count**
- **Parent's name**
- **Medication name**
- **Parent's Phone #**
- **Medication dosage**

If prescription medication is to be taken for a short term (ten days or less), it must be accompanied by the following:

1. A written note from the parent/guardian specifying dates, times and dosage to be given.
2. Medication must come in the original prescription container labeled with child's name and instructions.
3. If it is an oral medication, send the exact amount of medication that will be used at school.
4. A written order from the physician if sample medication is provided.

If prescription or non-prescription medication is to be taken for a long term (more than ten days), it must be accompanied by the following:

1. A physician's order on a prescription pad or their signature on an official Student Medication Guidelines form, available from your school nurse.
2. A written note from the parent/guardian specifying dates, times and dosage to be given or completion of an official Student Medication Guideline form.
3. Medication must come in the original prescription container labeled with the child's name and instructions.

If non-prescription medication (cold medicine, cough syrup, Tylenol, Advil, et cetera) supplied by the parent/guardian and given less than ten days, it must be accompanied by the following:

1. A written note from the parent/guardian specifying dates, times, and dosage to be given.
2. Medication must come in the original container labeled with the child's name.
3. Please provide single doses only or the exact amount of medication that will be used at school.

Medication will not be given if the medication pill count does not coincide with the stated amount. The parent/guardian will be notified of this discrepancy. With the exception of the above procedure (when students are transporting medication in the morning from home to the nurse), no medication, including over-the-counter drugs, or herbal supplements, is to be in a student's possession during the school day. Appropriate doses of Tylenol or Ibuprofen may be administered by the nurse if indicated on the student's signed health card. Parents/guardians should refer to the *Clinic Service Handbook* which is available on the HSE web site for more detailed information on all health policies and procedures.

CAFETERIA & LUNCH SERVICES

The lunch costs for the 2019-2020 school year are: Grades 5-6 \$2.70, and Grades 7-8 \$2.85. Lunch money will be collected every Monday morning, please be sure to include your student ID number on every envelope and check. Lines will offer hot lunch and a la carte choices. A computerized account system will be used, whereby all students will type in a code to access their accounts. Students may pay cash or pay from established accounts as long as funds are available in their account. Students are encouraged to prepay on their account by turning in a check every Monday morning to their first period teacher. The check should include the **student's name and identification number** on the memo section of the check. Any monies will be taken at the cafeteria register. Please keep in mind that paying at the register slows down the efficiency of the lunch lines and that no change will be given back to the student. All funds received will go into the student's lunch account and will be used for the purchase of food and drink only.

No Charge/Student Debt

The cafeteria manager will bring any outstanding student balances of negative \$20.00 or more to the attention of the Director of Nutrition & Food Services who will send a letter to the parents requesting payment be made. If the account remains negative \$20.00 or more and no payment is received by the end of the semester the matter will be turned over to a collection agency. * Up to \$8.35 in processing fees along with collection fees may be added if the balance remains outstanding at the end of the semester.

Food Purchasing

The Director of Nutrition and Food Services is authorized to purchase food and supplies under his/her direction in accordance with the requirements of state law.

Use of Surplus Commodities

Hamilton Southeastern Schools receives surplus commodities through the State School Food and Nutrition Office. All rules and regulations for their use as prescribed by the State will be followed.

Food Sanitation Program

To comply with health department guidelines, Hamilton Southeastern Schools will provide only food prepared in an inspected kitchen. **Outside drinks or commercially-prepared/vendor-prepared foods, including fast foods, are not permitted on school property during meal time without prior approval by the building principal/designee.**

School kitchens will not be used unless a food service employee is on duty in the kitchen. Arrangements for the use of a kitchen will be made through the school cafeteria manager subject to the approval of the Director of Nutrition and Food Services.

Student Sales/Food Fundraisers

Sale of non-commercial, unpackaged "homemade" food items is prohibited due to food safety and sanitation regulations.

ONLY COMMERCIALLY PREPARED FOOD ITEMS NOT OFFERED IN THE CAFETERIA MAY BE SOLD TO STUDENTS AS FUNDRAISERS. THE FUNDRAISERS INVOLVING FOOD ITEMS MAY NOT BE SOLD DURING THE TIME THE CAFETERIA IS IN OPERATION.

BOOKSTORE SERVICES

In addition to handling all rental textbooks, the bookstore sells the expendable materials and workbooks required. Other school supplies such as pencils, notebooks, etc., are also available for purchase. The school's treasurer manages the bookstore. Students depositing money or requesting payment to be made from extracurricular accounts should do so through the sponsor of the activity.

TEXTBOOK RENTAL

The term "textbook" means "systematically organized material designed to provide a specific level of instruction in a subject matter category, including a book, hardware that will be consumed, accessed, or used by a single student during a semester or school year, computer software and digital content."

Textbook Rental Fee Statements are available on Skyward Family Access in late August under the Fee Management tab. Fee Payments are due by the due date. Payments and arrangements may be made online via eFunds by the due date. A link to eFunds can be found on Skyward Family Access under the Fee Management tab or the district and school websites under the "Quick Links" tab. If you do not have internet access you may contact your child's school to request a paper

statement.

Up to \$8.35 in processing fee along with collection fees may be added if the balance remains outstanding after the due date, without payment arrangements being made. All returned checks will result in a \$20.00 non-sufficient funds fee. Loss, theft, or "beyond use" damage fees will be assessed by the school and collected at the end of each semester or year.

If a student leaves Hamilton Southeastern Schools, no refund of fees aggregating \$20.00 or less will be made unless there are extreme circumstances. Refunds over \$20.00 will be processed through normal procedures. SAF Materials and Consumable Fees will not be refunded and will be collected at full price unless the materials or consumables have not been issued or used. Textbook Rental Fees will be prorated based on number of days the student is enrolled in school.

RETURNED CHECK POLICY

According to HSE Board adopted policy, all returned checks will result in a \$20 non-sufficient funds fee.

Lost Textbooks

Occasionally, students misplace textbooks. The lost book is usually found within a period of time. In the meantime, however, the student does not have the book, which is needed for class. In these cases, the student should contact the treasurer in the bookstore. A new textbook will be issued to the student when the student pays the treasurer the replacement cost of the lost book. If the lost book is found, the treasurer will issue a full refund.

Lost Workbooks

Due to the consumable nature of workbooks, refunds cannot be issued when lost workbooks are found. The school has no desire for a student to be without required books. The procedures noted above allow students to replace lost materials, and for the school to maintain financial accountability.

LOST & FOUND

Most lost and found items are placed in the Lost and Found Cabinet in panther hall. Items of value will be kept in the main office. Any item that is not picked up within a reasonable period of time is given to charity.

STUDENT LOCKERS

All lockers made available for student use on the school premises are the property of the School Corporation. These are made available for student use in the storing of school supplies and personal items necessary for use at school. The lockers are not to be used to store items which cause, or can reasonably be foreseen to cause an interference with school purposes, educational function, or which are forbidden by state law or school rules.

The student's use of lockers does not diminish the school corporation's ownership or control of the locker. The school corporation retains the right to inspect the locker and its contents to insure it is being used in accordance with its intended purpose, to eliminate fire and other hazards, to maintain sanitary conditions, to attempt to locate lost or stolen material, and to prevent use of the locker to store prohibited or dangerous materials such as weapons, illegal drugs or alcohol.

All lockers and other storage areas provided for student's use on school premises remain the property of the school corporation and are subject to inspection, access for maintenance, and search pursuant to this section. No student shall lock or otherwise impede access to any locker except with a lock approved by the principal of the school. Unapproved locks **will** be removed and destroyed.

The principal or other member of the administrative staff or a teacher may search a desk, locker, or other storage area on school premises when the person conducting the search has reasonable suspicion that a search is warranted.

Students will be assigned individual lockers for storing school-related materials and belongings. The locker combination will be issued to each student. The following guidelines should be followed by students concerning lockers:

1. Each student should memorize his/her combination.
2. No student is to disclose the combination to another student.
3. Each student should keep the locker locked to ensure the security of property. The school is not responsible for items lost or stolen.
4. A student should not access any locker other than the one to which he/she has been assigned.
5. No material should be attached to the locker door without the principal's approval.
6. Tape should not be attached anywhere on the locker.
7. Students should use magnets to attach materials to the inside of a locker.
8. Students should not pre-set lockers to open or tamper with the locking mechanism.

The student is responsible for proper maintenance of the locker assuring that no damage is done. Students may be assessed a charge if it becomes necessary to repair damages attributable to student abuse.

PROTECTION OF PROPERTY

Do not "set" your lock or share your locker. Do not bring things of great value to school. Do not bring large sums of money to school. Secure all personal property in locked hallway lockers or locked PE lockers during the school day. Athletes are to lock all belongings in athletic lockers during practices and contests. Print your name, in ink, in or on all your items including clothing, electronics, books, tablets, and gym clothes, coats, shoes and folders for which you are responsible.

GRADES

Grades are an evaluation of what has been learned and the degree of participation. They become a part of the permanent school record. Grades are issued each nine (9) weeks. Mid-term grades are posted on Skyward and parents without computer access will be given a copy of their child's mid-term report, provided they let the guidance office know. The following is the corporation-wide grading scale.

| | | | |
|-----------|---------------|-----------|----------------------|
| A+ | 100% | C+ | 77-79% |
| A | 93-99% | C | 73-76% |
| A- | 90-92% | C- | 70-72% |
| B+ | 87-89% | D+ | 67-69% |
| B | 83-86% | D | 63-66% |
| B- | 80-82% | D- | 60-62% |
| | | F | 59% and below |

HONOR ROLL

Each nine (9) weeks the honor roll is determined for two categories. The high honor roll consists of the names of all students who earned no grade lower than an "A-". The honor roll consists of the names of all students who earn "A's" and "B's" with no grade lower than a "B-". Any grade below a "B-" disqualifies a student from Honor Roll membership.

EMERGENCY PROCEDURES

FIRE DRILLS

At the sound of the fire alarm, students are to shelter in place and await further instructions. If evacuation is warranted, students are to leave the building via the route posted on signs in each classroom. Students are to exit the building quietly, being attentive to staff members instructions. "911" emergency telephone service is available on all school phones.

STORM WARNINGS & OTHER EMERGENCIES

In the event of severe weather conditions or other emergencies, a weather emergency will be announced. At this signal, students are to proceed with their teachers to the designated safe area. Signs identifying these safe areas are posted in each classroom. Students are to follow teachers' instructions when they arrive in the safe area. Instructions include facing the wall and getting into a doubled-up position on knees and elbows.

POWER OUTAGE

In case of a power outage, all students and teachers are to remain seated. Movement within the classroom/building may result in injury. Since the public address system will not be functioning, messages will be delivered from the office. The principal, assistant principal, counselors, secretaries, custodians, and teachers on preparation periods will deliver messages and assist in communications. If the fire alarm is sounding, teachers should follow the fire drill procedure.

SAFE SCHOOLS INITIATIVES

The HSE Safe Schools Coordinator may initiate "Safety Audits" in cooperation with local law enforcement to test the HIJH Safe School Plans and Procedures. The "audit" is targeted towards staff and administration. Student involvement is minimal and great care is taken not to alarm students.

EMERGENCY SCHOOL CLOSINGS AND DELAYS/EMERGENCY NOTIFICATION SYSTEM

When inclement weather or other emergencies arise that affect normal school operations (emergency closings, early dismissal, late start), parents can obtain information by listening to local T.V. stations, radio stations, or accessing the district's website for updated information. In addition, the district will send out a district wide emergency notification instant alert that you should receive via phone or text, depending on how you registered. DO NOT CALL the school office since that telephone line needs to be available for emergencies. Please discuss emergency plans with students in case of emergency early dismissal from school. If school is cancelled, all after school activities (e.g. extracurricular activities, tutoring, scheduled evening programs, AAU, et cetera) will also be cancelled. Any exception to this will be communicated via the school website or emergency notification system. When school is closed all conferences and meetings with office and staff personnel will be cancelled and rescheduled at the earliest convenience.

WITHDRAWAL FROM SCHOOL

To withdraw from school, a student must see his/her guidance counselor so that records and transcripts can be completed for school to which the student is transferring. All school materials and books must be returned and all fees paid before records will be forwarded. Parents or guardians must sign a release form before any records can be sent to another school corporation.

HOMework POLICY

Homework is a necessary and important three-way communication process among parents, students, and teachers, which is assigned to help establish a foundation for learning, to build interest, to help students to apply and internalize mastered skills and concepts, and to develop more responsible individuals.

SCHOOL ADMINISTRATOR'S ROLE

The school administrator will:

1. Communicate the homework policy and procedures to teachers, parents, students, and the community.
2. Coordinate and monitor homework guidelines within the grade levels, teams or departments and among teachers.
3. Reinforce the concept that homework should be reasonable and for the benefit of the student.

4. Facilitate discussions between the parents and teachers concerning homework issues.
5. Evaluate and revise homework guidelines as needed to meet unique building level needs.

TEACHER'S ROLE

Teachers should be as deliberate in making appropriate homework assignments and properly preparing children for those assignments as in shaping any other part of the day's plans.

Parents and students should be informed of the Homework Policy and Procedures at the beginning of the school year through individual room management plans or the student handbook. These should be revised, as the need arises, throughout the year.

The following guidelines are being suggested to assist the teacher in planning homework assignments.

1. Homework assignments should allow parents to know what their child is doing in school.
2. Homework assignments should be clear and specific. Unfamiliar or unexplained homework assignments will only cause confusion and frustration for the students and their parents.
3. Teachers should assign homework to enhance, reinforce or extend what has taken place in the classroom.
4. Homework should be reviewed and results shared with the students within a reasonable amount of time.
5. Homework should be an integral part of the classroom activities. It should never be construed as a punishment or assigned for disciplinary reasons.
6. Care should be taken to not overburden a student with excessive daily homework assignments.
7. In grades 7-8, teachers should be aware of their colleagues' assignment practices and coordinate assignments so students do not receive major projects simultaneously. Assignments should be reasonable in length. At all grade levels, consideration should be given to student commitments outside the classroom.
8. Through mid-term progress reports or more frequent communications, if needed, the teacher will notify parents if a student consistently fails to complete homework.

THE STUDENT'S ROLE

In the early grades, effectiveness of homework depends on the concern for the student's welfare as shown by parents and teachers. As students mature, success with homework becomes progressively more dependent on their own efforts.

By the time they reach the secondary level, students should be responsible for bridging the gap of communication between home and school. Each student should be responsible for good work and study habits.

1. The student should clarify with the teacher **before leaving class** any questions pertaining to the instructions--the purpose, due date, and procedures.
2. The student should:
 - Take home any materials and information needed to complete the assignment.
 - Set aside a special time to do assignments.
 - Find a place free from excessive noise and other distractions.
 - Organize assignments for completion in a reasonable length of time.
 - Keep an assignment notebook or log.
 - Check completed assignments carefully and return all completed work.
 - Take advantage of study help.
 - Follow school rules for obtaining and completing missed assignments.

PARENT'S ROLE

Cooperation by parents is a necessary factor in meaningful homework experiences. Parents should encourage their children by showing interest and exhibiting helpful attitudes toward homework.

1. Provide a quiet, well-lighted place to study that is free from excessive distractions and make sure that homework is completed.
2. Establish a regular "homework time."
3. Encourage and support efforts of their son or daughter and be available for questions, but remember that homework is the student's responsibility, not the parent's.
4. Encourage their son or daughter to seek help and ask the teacher questions regarding the assignment.
5. Work with teachers to arrive at high, but realistic, expectations for your child.
6. Be informed about activities at school.
7. Be familiar with and support school rules and policies.
8. Monitor how students spend their time regarding television viewing, recreational computer/technology use, and socialization.
9. Respect the school calendar and stress the value of regular school attendance.
10. Broaden cultural horizons by visiting museums, historic sites, and varied exhibits and performances.
11. Provide a home environment which tolerates no illegal use of drugs, alcohol, or tobacco and supports the school's position on these issues.
12. Model and reinforce the character skills of Honesty, Caring, Respect, Responsibility, Self-control, Trustworthiness, Determination, Forgiveness, and Fairness.
13. Provide a moral foundation for the family that embodies the Hamilton Southeastern vision for students of Honor, Scholarship, and Excellence.

14. Limit the number of working hours for students. Above all, do not allow the job to become a higher priority than school, sleep, or family.
15. Support your son or daughter's participation in curricular and extra-curricular activities without applying pressure.
16. Be attentive to your son or daughter's physical, social, and emotional needs.

PARENT ORGANIZATION

The **PTO** is a parent support group. The PTO is an extremely active organization. Activities include social activities for students including fundraising, teacher appreciation and other activities that help to support our students. Meetings are held on a monthly basis.

PTO OFFICERS

PTO officers and contact information will be communicated through our school newsletter and website.

5/6 RECESS

Recess will be held outdoors, weather permitting. Students will go outside for recess unless the wind chill factor or temperature is below 15 degrees Fahrenheit. Consequently, students should dress appropriately on all days as they will be expected to go outside with their classes.

Students not participating may bring a note from home or their physician. Our school policy only allows a student to use a note from home for three school days. After that time, a parental note should be replaced with a doctor's note. Parents need to communicate any recess excuse with both the school nurse and the homeroom teacher. Parents who wish to discuss a particular situation may contact their student's homeroom teacher.

FUNDRAISING POLICY

Hamilton Southeastern Schools' Fundraising Policy states that no student will be **required** to participate in any fundraising activity as an expectation for team or club membership nor **penalized** for not participating in a fundraising activity.

CHAPERONES

HIJH is very fortunate to have many community members who are willing to give of their time and talents. HIJH volunteers are an important part of our efforts to provide a quality education. All volunteers are required to have a criminal history background check completed and on file before spending time in the school as a volunteer. When entering our building to help us, please sign in at the office. All visitors are expected to wear a name tag.

NEW VOLUNTEER PROCEDURES: HSE School Board Policy **REQUIRES** all parent volunteers to have a criminal history check every three years. **Starting with the 2014-2015 school year the HSE school district will be using a new background check service provider. ALL background check will now be completed on-line via the link below.** Most background checks will be processed in approximately 3-6 business days. **Please plan accordingly and complete the process for your background check several days prior to the date you wish to volunteer.** The cost for the background check is \$13.00 and has to be paid online via credit card. If you have not had a volunteer background check in the past three years, or if you wish to volunteer for the first time, you can login into the HIJH website and scroll down the page to "QUICK LINKS" then click on NEW Volunteer Background Check Procedure and Anti-Bullying Video and follow the directions. **In Addition to the NEW background check procedure ALL** (new and existing) volunteers are required to watch the Anti-Bullying video that is linked to the background check application before they can volunteer.

Expectations:

1. Memorize the first and last name of students in your group.
2. Please wear the chaperone identification at all times.
3. Place each student in your group with a buddy. "Buddies" are responsible for each other throughout the day.
4. Make sure you have your daily itinerary.
5. The use of vulgar or obscene language is prohibited.
6. Be on time, with your group, for all departures.
7. Please check the student list for any medical attention needed for the day.
8. Teachers will administer all medications to students.
9. Stay near the students in your charge at all times.
10. Monitor bathroom breaks.
11. Any student who is disruptive should be directed to his/her homeroom teacher immediately.
12. Smoking and the use of any tobacco products is prohibited at all times.
13. Weapons of any nature are not acceptable.
14. Students should not have more than \$20.00.
15. On the bus, students need to remain in their seats.

16. As a chaperone, you are held to the same standard as our teachers. Please make sure that your conversation with our students is geared toward the field of study. Discussions of personal nature are strongly discouraged. If a student shares information of a personal nature, which is alarming to you, please inform an administrator or teacher immediately.

In case of any emergency, remain with your group. Staff members who have all been trained in dealing with traumatic situations will be your resource.

GENERAL INFORMATION

Enrollment: Southeastern is comprised of students in grades fifth through eighth. The student population for the 2019-2020 school year will exceed 1,120 students.

Facilities: Southeastern opened in August of 2012. The school facility boasts a library with more than 13,000 volumes and a state-of-the-art media retrieval system. Other features of the building include four computer labs, specialized science, art, technology education classrooms, family/consumer science lab, vocal and instrumental music rooms, two gyms and a weight-training facility. Parents and patrons are encouraged to visit the school and see their students in action.

People: The essence of any school is the people who give it life. The combination of outstanding students, a caring staff, and supportive parents will make Southeastern a special place for students to learn and grow academically and as people of good character. Then our students will embody the school district's vision for students of Honor, Scholarship, and Excellence.

CURRICULUM

STUDENT SCHEDULES:

Several factors are considered in creating schedules for students. Students must receive a sound base of academic knowledge. They must learn certain fundamental skills. Students need to explore new learning experiences. Students need to be able to think effectively. Students need to feel comfortable and secure. Curriculum must meet state guidelines regarding instructional requirements.

Dissection: Participation in hands-on science is important to learning science, and students are encouraged to participate in dissection activities that are part of the curriculum. Schools will provide alternative activities for students who have objections to animal dissections.

STUDENT LEARNING TIME (SLT) – 2:17PM – 2:45PM:

A twenty-seven minute period takes place each day. This period will be used for Character Education/Advisory activities, academic enrichment, academic remediation, and general academic assistance purposes. In addition, activities focus on topics such as character education, anti-bullying, cultural diversity, study skills, organizational skills, test taking skills, and more.

Wellness (Physical Education combined with Health):

All students in 7/8 must purchase a Southeastern physical education uniform (shorts and t-shirt), to be worn in class. Eighth graders may use their old Hamilton Southeastern Junior High physical education uniforms if they wish. New uniforms will be sold the first week of class.

PLEASE NOTE: Students are not permitted to wear jewelry (including earrings) during PE class. Students should not have their ears or other body parts pierced during the grading period(s) they have Wellness class.

All students are required to participate in wellness education. To be excused from participating, a student MUST have a doctor's note stating why he/she cannot participate and for how long he/she will be excused. If a student is injured and is waiting to go to a doctor, a parental note may be used. However, a parental note will only be good for two days. The student MUST have a doctor's note to continue to be excused from physical education class.

Students who do not actively participate in physical education will be responsible for everything taught in class on an informational/knowledge/intellectual basis. Any student with an excused absence /non-participation day in physical education is not permitted to participate in any active extra-curricular functions such as athletics, intramural activities, etc. (Per HSE Board Policy J8.2.1)

5/6 PHYSICAL EDUCATION

As a vital part of our HIJH curriculum, all students are required to participate in physical education. Attire for physical education should include clean, non-marking shoes and appropriate clothing for physical activity. To be excused from participating, a student MUST have a doctor's note stating why he/she cannot participate and for how long the student will be excused. If a student is injured and is waiting to go to a doctor, a parent note may be used. However, a parent note will only be good for two days. The student MUST have a doctor's note if he/she is to continue to be excused from physical education class.

Students who physically do not participate in physical education class will be responsible for everything taught in class on an informational/knowledge/intellectual basis. Any student with an excused absence/non-participation day in physical education is not permitted to participate in active extracurricular functions. This includes sports camps, intramural athletics, and the travel basketball team.

Please keep in mind that teachers are not physicians. When notes are being written to our teachers, please be specific. Terms such as "limited activity", "some activity", "not too much activity" and "do what they feel like" are very ambiguous and open to varied interpretation. Therefore, any notes which are not specific will be interpreted as no physical activity.

A student must participate to earn at least a satisfactory grade in physical education. Prolonged absence from physical education, without a doctor's excuse, could jeopardize the student's grade. Therefore, all communication for excused participation from physical education should be made with the physical education teacher. Parents who wish to discuss a particular situation may contact their student's physical education teacher.

STUDENT LEADERSHIP OPPORTUNITIES:

Students at Hamilton Southeastern 7th and 8th graders will have opportunities to participate in several leadership-building activities. These activities include groups such as student council, National Junior Honor Society, office aides, library aides, and more. By being an active part of one or more of these activities, students develop their abilities to positively influence their school community.

ENRICHMENT OPPORTUNITIES:

Within the outlined schedules, enrichment programs and activities are also provided. The science and social studies staffs have designed several special enrichment activities for their classes, which will extend the scope and design of what we normally see as typical classroom activities.

All seventh graders are offered a chance to participate in our award winning outdoor education program. With over 95% participation since its formation, students attend a three-day, two-night camp experience near Lafayette, Indiana. Under the direction of teachers, camp personnel, and specially selected high school counselors, our students complete a wide assortment of environmental and ecological activities.

HIGH SCHOOL CREDIT COURSES:

Please visit our website for information regarding high school courses in 7th and 8th or contact our guidance department at 594-4124 ext. 18015.

ONLINE/CORRESPONDENCE COURSES:

In order for an online or correspondence course to count for high school credit, students in 7th and 8th must have approval from the guidance department or principal **prior** to enrolling in the course. Even with this approval, completion of the course does not excuse students from the requirement of demonstrating readiness proficiency prior to enrollment in subsequent advanced courses.

SPECIAL ACTIVITIES:

Within the subject areas there are also activities that provide exciting, in-depth learning experiences. The Bay View environmental simulation, egg drops, CPR, social studies debates and simulations, research papers, computer assisted learning, and Rube Goldberg contests are only a few of the activities that should help to answer the age-old question, "What did you learn at school today?"

EXTRA-CURRICULAR OPPORTUNITIES

Participation in the extracurricular programs at Southeastern is strongly encouraged. These programs provide our students with leisure time activities, physical development, leadership experiences, intensified educational experiences, and promote fun with fellow students and teachers. In order to participate in extra-curricular activities (including all clubs, athletic teams, yearbook, academic teams, musical groups, theatrical presentations, et cetera), a student must maintain standards for academic and behavioral eligibility as established by Southeastern.

EXTRA-CURRICULAR / ATHLETIC ELIGIBILITY

The purpose of eligibility requirements for participation in extra-curricular activities is one of insuring the academic well being of the individual student. Such a policy should reflect the intention of placing a top priority on the academic purpose of the school. It should not have as its intent the limitation of participation by students in these activities. To this end, the following policy has been established by the School:

1. A student must maintain academic eligibility. See the next section for specific details of the academic eligibility policy.
2. Students must be in attendance at school a minimum of one-half day (**3 full academic** class periods) to be eligible to participate in an event that afternoon or evening. The coach or sponsor may require participation on a weekend or vacation day (although never on a Sunday).
3. Absences from practices/contests: Students who choose to participate in an extra-curricular activity are expected to make a commitment to his/her activity/sport, coach/sponsor, and teammates and attend all practices and contests/events. A student participant who misses a practice or contest due to a reason that allows for an excused absence from school, or to participate in another *co-curricular* school function (not *extra-curricular*), shall be excused. The student participant shall inform the coach/sponsor of the reason for his/her absence. There will be progressive consequences for unexcused absences. Excessive unexcused absences could result in dismissal from the team/activity.
4. Any **7th grade** student reaching his/her 15th birthday prior to or on the scheduled date of the last contest in a sport will be ineligible to compete in that sport. Any **8th grade** student reaching his/her 16th birthday prior to or on the scheduled date of the last contest in a sport will be ineligible to compete in that sport.
5. The following are consequences common among all extra-curricular participants during their club or sports season.
 - a. Any inappropriate behavior that does not result in a formal referral and/or detentions will result in progressive consequences for the student participant according to the coach's/sponsor's established rules.
 - b. A formal referral to the assistant principal which results in reprimand or one period of in school reassignment, or the acquisition of up to two detentions will result in a coach-imposed penalty. This penalty will be short of contest suspension (e.g. extra conditioning, losing starting spot, etc.). The acquisition of a third detention will result in a one-contest suspension. Detentions beyond three will result in additional contest suspensions and eventual removal from the team/activity.

Participation on an athletic team at HIJH is a privilege. Student-athletes are representatives of the student body, the school, and the community. Every student-athlete's conduct is under scrutiny and evaluation not only during his/her athletic season, but at all times. The coach, in consultation with the Athletic Director, Principal, and Assistant Principal may implement penalties up to and including dismissal from the team for behavioral misconduct.

Students are encouraged to participate in the athletic program. Each coach establishes individual rules and regulations, within the ECA/Athletic eligibility guidelines. Each coach will establish a definite end of practice time so that parents may make appropriate transportation plans.

Athletic Eligibility Requirements

- A. The student must be academically eligible (see above section for details).
- B. The student must have an **IHSAA physical form** on file with the athletic director prior to participating. The physical examination must be ***on or after APRIL 1ST in order to be valid for the following school year.***
- C. The student must have an **emergency medical form** completed and given to the coach before participating.
- D. The student must have a completed **sports medicine athlete authorization form** on file with the AD prior to the first contest of the season.
- E. The student and parent must both sign a **concussion acknowledgement form** and turn it into the coach before participating. All of these forms are available under the “documents and forms” tab on our athletic website. Per Indiana Code 20-34-7, a student athlete who is suspected of suffering a concussion may not return to play until the student athlete has been evaluated by a licensed health care provider trained in the evaluation and management of concussions and head injuries and receives a written clearance to return to play from the health care provider who evaluated the student athlete.
- G. A student-athlete must participate in at least 10 organized practices before being allowed to compete in contests. A student-athlete may be considered eligible to participate in an immediately following season’s sport contest. After 5 organized practices, with approval from the Athletic Director.
- H. The student must be an amateur in the sport in which they wish to participate (have not participated under an assumed name; have not accepted money or merchandise directly or indirectly for athletic participation; have not accepted awards, gifts, or honors from colleges or their alumni; have not signed professional contract).

Awards

Coaches are to submit an official awards list to the athletic director before the end of the season. Awards will be presented according to the following guidelines:

- Each athlete, manager or cheerleader who completes the season in good standing will receive an award. Such a student at the conclusion of the first season of participation at the junior high school will receive a letter.
- Each season thereafter will result in the student receiving a pin. Any student, who becomes ineligible for academic or for disciplinary reasons, will not receive an award.

Athletes that do not turn in their school owned equipment at the end of a season will have their awards withheld until all equipment is turned into the assigned coach. Lost equipment must be paid for before the student athlete can be eligible for another sport.

Cheerleaders Riding Team Buses

Cheerleaders may ride team buses when accompanied by the cheerleader sponsor or her/his designee. Cheerleaders are to sit in the front seats away from team members.

Cutting

When it is necessary to cut students from a team, the coach will give fair and equal treatment to all students trying out for the team. Cutting students from a team will take place when it is in the best interest of the team as a whole to limit the number of team members. If an athlete tries out for a sport and is cut from that team, then that athlete has 2 weeks to go out for a non-cut team.

Late Roster Additions

All new additions to a team roster must be cleared with the athletic director before being allowed to compete.

Practice

Students who have late afternoon practice are not to remain in the building waiting for practice to begin unless under the direct supervision of a coach or sponsor.

Spiked Shoes

Spiked shoes should only be worn on the athletic fields. Athletes are to refrain from wearing them in the building, bus, gym, etc.

Ten Things Parents of Athletes Should Know

The following was written by a parent of 2 Division I college athletes. In his introduction, he says “My point here is, it’s about them (the athlete). Get out of their way, enjoy the process, and uncoil a bit. Someday far too soon this whole sports thing will be over and you will be begging them to come home for Thanksgiving. TRUST ME!”

1. It’s not about you, it’s about them. Do not live your own sports dreams through your kids. It’s their turn now. Let them make their own choices, both good and bad.

2. Never talk to a coach about your child's play time after a game. Actually you never should. You should have your kid do that. That said, if you just can't help yourself, send an email the next day and ask for some phone time.
3. NEVER yell at referees. They are trying. How would you like it if someone came to your job and screamed at you? Not. So. Much. If you have a real issue file a grievance the next day.
4. Do NOT coach your kid from the sideline. Your job is to be a cheerleader, not a coach. If you wanted to coach, you should have volunteered.
5. It is EXTREMELY UNLIKELY you are raising a professional athlete. I promise you. Relax, let them have a good time and learn the lessons they are supposed to be learning in sports.
6. Kids should play the sport that is in season until they are in middle school. Then they can decide which one or two sports they want to play and become more focused. Cross training prevents injuries and burnout.
7. If you have nothing nice to say, sit down and be quiet. Don't be "that" parent.
8. If you are losing your mind on the sideline of game, it's time to look in the mirror and figure out why. It's not normal to care that much about sports. Put that energy into something more productive.
9. Let them fail. Forgotten equipment, not working out, not practicing at home? Let them suffer the consequences of that. It will make them better.
10. Your kids are watching you. Make them proud not embarrassed.

Participation in school athletics should be an enjoyable learning experience for the student-athlete. The behavior and attitude of the parents is critical in this process. Years from now, parents will care deeply about their grown child's health and happiness, but very little about how many points they scored in a junior high school game, meet, or match. Please help us to teach the important lessons that come from participating in athletics. These experiences can make a positive impact on your child's ability to handle the tremendous challenges of life. Great teams have players, coaches, and parents pulling together toward a common goal. Thank you for trusting us to do our part!

IX. The 8 PANTHER Principles

P – Passionate

Be enthusiastic during every minute of every practice and game. Love what you do.

A – Accountable

Take responsibility for your own actions. Do *your* job; lead by example. If you want to see change, start by making a change in yourself.

N – Nurturing

Be supportive and encouraging of your teammates, coaches, and peers.

T – Thankful

Be appreciative of the opportunity you have to represent your community, school, and family in athletics. Thank your coaches and family often.

H – Humble

You can accomplish anything in life, provided you do not mind who gets the credit. (President Harry S. Truman). Honestly recognize your strengths and weaknesses, do your job to the best of your ability, and know that you cannot accomplish team goals on your own.

E – Ethical

Do what's right, and do it all of the time...even when no one is watching.

R – Respectful

Be courteous and polite to all school personnel, opponents, coaches, and officials. Represent HSJH the way it should be represented!

S – Steadfast

Be firm in your purpose, whatever that might be. It's easy to remain calm when everything is going your way. However, the true test of character is how you respond to adversity. Can you keep pushing forward regardless of the circumstances before you?

GO PANTHERS!!!
